

### **Schedule for the 2016 Program**

**\*\*Please note that it is not mandatory that you attend the training class to participate in the field exercise, but it is strongly recommended.**

#### **Session 1: Can You Hear Me Now?**

Communication is essential in a disaster. This class will cover communications within a disaster scenario starting with the FRS radio, how those communications are coordinated with Incident Command, and forwarded to the central dispatch and county EOC's. Documents such as the Communications Log form will be covered in this class along with a discussion on how to effectively communicate with other services.

Wednesday, January 20, 2016

6:30 PM to 8:00 PM

Fire Station 1, 777 S. Main Street

**Session 1, Field Exercise:** We will simulate an "emergency" and practice utilizing the FRS radio and other communication methods. All relevant forms for communication will be covered and used during this exercise.

Saturday, January 30, 2016

8:00 AM to 11:00 AM

Fire Station 1, 777 S. Main Street

#### **Session 2: Write it Down-Forms and Administration**

The Damage Assessment form is the first step in documenting the scope of an emergency. This training will cover the completion of this vital form and where it goes from there.

Wednesday, March 16, 2016

6:30 PM to 8:00 PM

Fire Station 1, 777 S. Main Street

**Session 2, Field Exercise:** For this exercise, participants will be assessing disaster scenes and completing the documentation for mapping at Incident Command.

Saturday, March 26, 2016

8:00 AM to 11:00 AM

Fire Station 1, 777 S. Main Street

**Session 3: Triage and Basic Medical Treatment**

Instruction will cover triage and basic medical treatment. The focus will be on the three killers: airway, bleeding, and shock.

Wednesday, May 18, 2016  
6:30 PM to 8:00 PM  
Fire Station 1, 777 S. Main Street

**Session 3, Field Exercise:** Your triage and medical skills will be applied in a full medical operation exercise.

Saturday, May 21, 2016  
8:00 AM to 11:00 AM  
Cache 2, Sinnott Elementary School  
2025 Yellowstone Ave. Milpitas

**Session 4: Search and Rescue, and Cribbing**

This training will cover building assessment, hazard awareness, START triage, and cribbing.

Wednesday, September 21, 2016  
6:30 PM to 8:00 PM  
Fire Station 1, 777 S. Main Street

**Session 4, Field Exercise:** This exercise will utilize the Tower at Fire Station 1. It will be a search and rescue mission involving a partially collapsed building.

Saturday, October 1, 2016  
8:00 AM to 11:00 AM  
Fire Station 1, 777 S. Main Street

**Session 5: Year End Wrap Up**

This training will review what was covered during the year with an opportunity for input regarding next year's training topics.

Wednesday, November 16, 2016  
6:30 PM to 8:00 PM  
Fire Station 1, 777 S. Main Street
